Code licensing and the limits that apply to third-party data.

Code

job_ftch source code is distributed under the MIT License in the repository-root LICENSE file. Copies must retain the copyright notice and license text.

Data and third-party material

MIT grants no rights to vacancy text, trademarks, logos or third-party content. Those remain with their owners and are used only for indexing, source linking and pipeline demonstration.

No warranty

The software is provided as is, without warranties of merchantability, fitness for a particular purpose or non-infringement, to the extent permitted by law.

No permission to collect

The MIT licence permits use and modification of code; it does not replace a site owner's permission, contract, API licence or other lawful access basis. Each user must assess every source and respect its terms, robots.txt, rate limits, copyright and database rights.
